Dear President,

I'm writing about my concern of the JCC threatening to ban (censor) graphic pro-life ads, especially for ones running for election

Why don't you want the truth of abortion shown? Look at the enclosed newspaper article and its pictures. Read the enclosed. I also suggest you read medical books on the formation of the fetus ("blob" as many ignorant people call her/him)

There are brain waves and a heartbeat before the mother even knows she has a life in her! These are actual human beings growing inside another, not to be murdered but for

be given life. Do you know where the most dangerous place in America is today? A woman's womb - a place (supposedly) of security and safety for an innocent unborn American citizen!

If people would realize this there would be less abortion. Just being told they are humans doesn't always get the message across. They need to see the truth! —

Choice? It's not a lawful choice to kill a human being without judgement and punishment.

Less Child Abuse? Abortion is the ultimate of child abuse. It tears a child limb from limb, beheading it, while alive, feeling every pain, screaming a silent scream for help that only God and His angels hear & weep at!

Unwanted? There is never an unwanted child. For every person aborted there are 4 couples ready to adopt and give him/her a loving home.

The truth needs to be out.

Women about mainly out of ignorance. Ignorant^{that} that God loves them and their baby. And no matter what the circumstances God will see to it that they will be taken care of when she trusts in Him.

But since the Bible is not important anymore in America's Society, no one except those seeking God - knows the truth!

I speak this to you, now, that if America continues in the way it is going - Sex glorified, homosexuality made to be OK & pushed on our kids on TV & in Schools, violence everywhere even cartoons - it will be destroyed by its own moral decadence!

When will you all open your eyes to the truth.

What is so ironic is that Russia - used to be atheist - is hungry for moral guidelines, asking for bibles and bible teachers in their schools and government yet America in the majority has turned their backs on God and His guidelines.

You'll see when its all been said
and done that's people will be
victorious and have the light
dark world, the answers. We are trying
now ^{to win} but, who is listening? We are
speaking up for the defenseless, those
who aren't heard.

We are not violent people. Read
the enclosed memorandum about ~~our~~ how
we are being treated unfairly and
cruelly.

^{Manotha case}
Some teenage girls, while quietly
protesting at a clinic were arrested
and sexually assaulted by the
arresting police officers and jail
wardens. Why isn't this in the
news?

It's ironic that we can see
women and children molested,
men, women, and children tortured
and killed on news & prime time
even daytime shows yet you don't
want to show the truth of a innocent
baby being torn limb from limb!

She is glorified to where teenagers
are not expected to respect themselves

and are pushed into something they are not physically nor emotionally ready for. ~~at~~

Whats wrong with virginity! God did not put down rules to take away our enjoyment of one another (one mate man + woman for life). His guidelines protect + provide a good safe life! When abused, outside His rules, destruction happens! Just look at all the violence, illicit sex, rapes child molestation, murder inside + outside the womb (4300 babies a day from abortion just in America! ~~that's~~ ^{that's} more than Somali deaths!) (and intentionally!)

Many women will ~~testify~~ testify to the physical + emotional pain they go through during and after an abortion. The babies cries they hear in the night tormenting them. The inability to bear children later. The female problems they have after an abortion. And some ^(from families) who have died due to an abortion.

More women have died from legal abortions than from carrying full-term

pregnancies. Read Carol Everett's
The Scarlet Lady. She used to
 own + run an abortion clinic.

Please do not ban these truthfilled
 informational ads.

Just as we have the power to turn
 off our T.V. during offensive programs
 so can others if they don't want to
 see these ads. But there are some
who will watch and a baby will
be saved + maybe a woman be
saved also.

Do not censor - Do not take
 away a baby's only voice of
 defense - the freedom of speech!

Sincerely + prayerfully

Karen Martin

A GRASSROOTS PETITION
TO THE
ENTERTAINMENT INDUSTRY

We Are Outraged!

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

And We're Not Going To Put Up With It Any Longer!

We're a group of mothers, fathers, grandparents and other citizens who are outraged at how today's movies, TV programs, music-videos and records are hurting our children, our families and our country.

For example:

We're **DISMAYED** that today 1.1 million girls between the ages of 15 and 19 get pregnant each year.

We're **SHOCKED** when we learn that two thirds of all births to 15 and 19 year old girls are out of wedlock.

We're **FRIGHTENED** at the way violence and crime are spreading everywhere and threatening our children, our families and our homes.

We say it's time to put the blame where we think it belongs:

SHAME on the music industry for letting singers who are the idols of our children put out **RECORDS** and **MUSIC-VIDEOS** which blatantly encourage sex and 'say' to our children that sex is proper at any age... that everyone is 'doing it'... and abstinence is old fashioned.

SHAME on Hollywood for an endless stream of films filled with **PROFANITY, NUDITY, SEX, VIOLENCE** and **KILLINGS**. For example, the giant hit "Basic Instinct" features murders during orgasms, setting a new standard of perversion even for today's movies.

SHAME on NBC TV for allowing "Saturday Night Live", which is a favorite with young people, to put on skits about masturbation, morticians having sex with dead people etc., etc., ad nauseam.

SHAME on TV programmers whose desire for ratings and profits results in the average child of 16 having seen more than **200,000 ACTS OF VIOLENCE AND 33,000 MURDERS**. Is it any wonder violence is epidemic?

SHAME on the film industry which long ago stopped reflecting the values of most families and has now abolished the "X" rating, replacing it with "NC-17" so sex-filled, erotic, bloody films will no longer be barred from community movie houses.

SHAME on TV Soap Opera producers whose standards of decency have sunk so low one of them tells his writers, "Hot, make it hot", and another admits they are trying to see "just how far they can 'push it' on daytime"... when they **KNOW** that during afternoon hours more than two thirds of all TV viewers are children!

Yes, we are **OUTRAGED** at all this ... and a great deal more. We say the tragic price our children, families and country are paying demands something be done to end what's going on. Alone we can't stop it. But together we think we can.

The **REAL CAUSE** of the sex, violence, filth and profanity is with the writers, directors, producers, singers, actors, etc. But **THEY** can be controlled. All it takes is for the Boards of Directors of their companies to order them to stop! Remember when movies were wholesome family entertainment? That's when people at the top **SET STANDARDS AND ENFORCED** them. We're going to insist that happen again.

Together We Can Make It Happen

We're asking every reader of this ad to help us run it all over America ... **AND** send in the petition on the right. Every 2 months we're going to send every member of the Boards of Directors of the entertainment companies a copy of the ad and tell them the total number of petitions received. They're going to **KNOW** American families are outraged.

Most Board members are not in the entertainment business. They are good decent respected people with children of their own. But they have been shutting their eyes to what's going on. We're going to get them to **SPEAK UP**.

Spare us the censorship lecture — you in the entertainment industry. And this is not an appeal for prudery. All we want is to get the movie, TV and record industries to act responsibly. Our children, our families and our country are being hurt too much for us to remain silent.

Right now mail the petition on the right. Please enclose a contribution to help pay for another ad like this. We'll do the rest.

All it takes is for enough of us who are outraged to **ACT**. Can we count on **YOU**? Mail the petition **NOW**!

department's own barricades to smash and destroy the building's huge plate glass doors in their efforts to reach outnumbered police. The activists vented their fury by taking pieces of the broken glass and, slinging them like frisbees, hurled them with velocity at the knees of the police. At least one policeman had his knee cap painfully shattered. They then set fire to the building, causing \$250,000 in damages. No arrests were made during the riot because police feared that a confrontation would have led to a full-scale battle.

homosexual group

On September 5, 1991, ACT UP members attacked the home of Senator Jesse Helms, broke a security fence and inflated a gigantic balloon in the shape of a condom above his house. At the time, the senator was at the bedside of his ailing wife.

Isn't it interesting, in light of these kinds of intimidating tactics now being employed routinely throughout the U.S. and Canada, that California's Governor, Pete Wilson, referred to Christians and conservatives as "mean-spirited, gay-bashing bigots" in his recent message to the state legislature. He made no comment about homosexual anarchy and rage. And the campaign of terror continues.

Incidentally (or *not* so incidentally), as on other occasions of violence, NO arrests were made by the local police at Senator Helms' home, and NO charges were filed. The press virtually ignored the matter. Alas, do you recall the scene in Wichita last summer, when more than 2,600 peaceful pro-life demonstrators were hauled off to the police station? Some were subsequently sentenced to prison for as long as 12 months for simply trespassing on private property (a misdemeanor). Apparently, the historic lady who holds the scales of justice is inclined to peek from under the blindfold when politically incorrect behavior is on trial!

By the way, homosexual activists in Canada are on the verge of having their own special national protection as a legal minority. A new federal ruling by Justice Joseph McDonald will invalidate Canada's entire Human Rights Act because it currently doesn't include "sexual orientation" as illegal grounds for discrimination. He's given the federal government six months to appeal his ruling — or amend the act to establish special legal protection for homosexuals.

9. The State of Washington is considering two "Right to Die" initiatives, prepared by the Hemlock Society, that would give physicians the authority to kill their patients. If these initiatives are approved by voters on November 5, 1991, it will be the first time since the Roman Empire that homicide has been legalized. The Nazis slaughtered millions in World War II and Uganda's Idi Amin led one of the world's bloodiest regimes. In neither case, however, was killing supported legally. To our friends in Washington, I pray that you will not unleash this monster on yourselves and on our world. (This letter may arrive after the vote is history.)

Well, I haven't reached the end of my file of recent developments here in the United States and in Canada, but I think the point has been made. I have shared these examples not to depress you, or to wring my hands about how bad the world has become. I hope to have made a vitally important point. For nearly 10 years, I've tried to say that the current struggle is not *political* in nature, as many casual observers think. It is *moral and spiritual* from stem to stern. The real issue involves the understanding of right and wrong as defined in Scripture. Isaiah's warning reverberates across 2,700 years of time, "Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter" (Isaiah 5:20 NIV). Isn't that precisely what is occurring in the Western nations today? It is our priceless moral heritage that is hanging by a thread, and threatens to be overturned.

What can we do? What should be our response? First, we must continue to pray for a worldwide revival that will reawaken millions of people spiritually. This is not merely pious sentiment. Every great revival has been accompanied by social reform. In the six months following the Welsh Revival of 1905, illegitimacy dropped by 50 percent. Think of what that might do to our own abortion rate. So few crimes were

The injustice of the law & the judicial system.

The Bible says In the last days that good will be called evil & evil will be called good. How much more wrong can one get?
